Caught in an awkward attempt to hold on to the last bit of childhood; Porcelain Puberty serves rosy knees, stickers on bare skin, delicate fabrics and innocent tones styled with random bits and pieces.

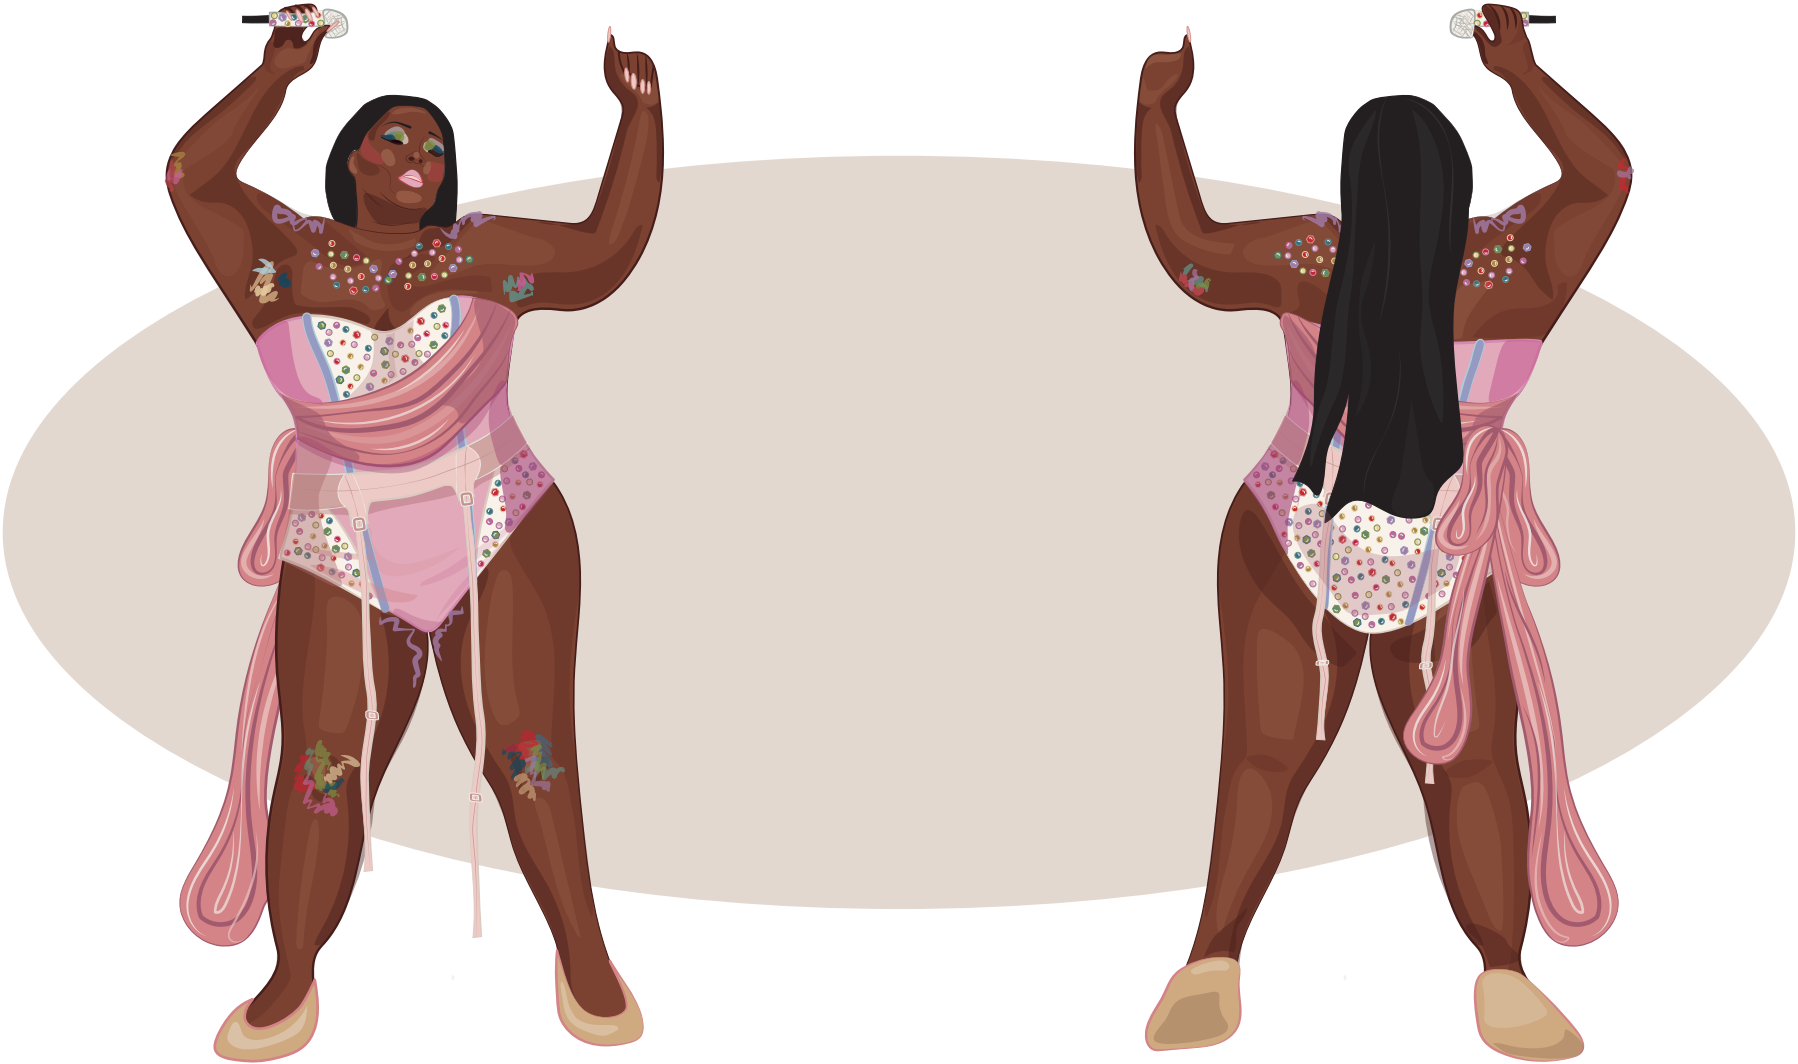

The young teenager's strong-willed mind, with contradictory thoughts and desperate search for guidance, is captured in this aesthetic. With visibly smudged glitter in odd places, the look embraces the weird and often gross reality of puberty.

The collision between adulthood and the early years of life is highlighted in the confusing but clear combination.

A loud and attentive, fun way to make a point in the music industry. To arouse opinion and have your voice heard in a way that is somewhat familiar to most.
